

MOLD
Industrial Hygiene Consultants in Southwest Ohio

Updated: November 12, 2008

The following list of consultants was compiled from the American Industrial Hygiene Association's website (<http://www.aiha.org>) AND from contact with consultants who have asked to be included on this list. All consultants listed have indicated that they provide services dealing with mold in businesses and/or homes. There is no guarantee that this list is complete in providing the names of all consultants that provide mold related services in the area nor is there any endorsement by the Clermont County General Health District of any of the consultants listed. Any consultant may be added to this list by simply providing the necessary information to the Health District.
